# WORKSHOP EQUIPMENT

**B B O R U M**  
 INDUSTRIAL WORKSHOP EQUIPMENT

## High Clearance Mobile Workshop Table

BMWST

- Safe working capacity: 34kg
- Adjustable working height: 960-1500mm
- Distance between front casters: 955mm
- Caster wheel diameter: 75mm
- Table top: 797L x 695W
- Main tray: 556L x 695W
- Depth at full width: 485mm
- Includes top tray liner

### FEATURES

- Height adjustable to most commercial vehicles.
- Smooth rolling castors.
- Extra wide legs to suit most commercial vehicles.
- Multi-functional top table with 2 compartments and 8 screwdriver holes.
- Top EVA mat for skid resistance.
- Protective bumper for top tray.
- Strong tubular steel construction.
- Sturdy main support post.

Top EVA  
 mat for skid  
 resistance

## Transmission Lifter Passenger Vehicles

**2059T TRADEQUIP**  
 The trusted brand in equipment  
 Safe working capacity: RWD/FWD GVM <2,000KG  
 Rated capacity: 500kg  
 Working height: 820-1768mm  
 Forward tilt: 9° Rearward tilt: 17°  
 Weight: 52kg

Excludes GST  
**\$819**  
 Inc. GST \$900.90

## Transmission Lifter Passenger Vehicles

**2052 TRADEQUIP**  
 The trusted brand in equipment  
 Safe working capacity: RWD/FWD/AWD GVM <2,500KG  
 Rated capacity: 500kg  
 Working height: 855-1760mm  
 Cradle size: 276 x 360mm  
 2 Stage lift  
 4 way tilting working head  
 Tilt: Fwd 15° Rwd 7° Lat 7°  
 Base: 690 x 780mm  
 Weight: 61kg

Excludes GST  
**\$965**  
 Inc. GST \$1061.50

## Transmission Lifter Passenger Vehicles

**2022T TRADEQUIP**  
 The trusted brand in equipment  
 Safe working capacity: RWD/FWD/AWD GVM <2,300KG  
 Rated capacity: 500kg  
 Working height: 895-1875mm  
 Cradle size: 240 x 340mm  
 Tilt Angle: Left 7° Right 15°  
 Weight: 73kg

**FEATURES**  
 High-grade steel for quality and durability. Lead-free paint prevents rust and is oil, grease and dirt-resistant for easy cleanup. Universal mounting cradle provides wide fore & aft tilt. High quality large diam. hydraulic steel cylinder unit. Piston-ram treated & polished to extend service life.

## Transmission Lifter SUV / 4x4 & Light Commercial

**2063T TRADEQUIP**  
 The trusted brand in equipment  
 Safe working capacity: RWD/FWD/AWD/4X4 GVM <3,200KG  
 Rated capacity: 1,000kg  
 Working height: 940-1920mm  
 Lift platform size: 280 x 280mm  
 Tilt: Fwd 15° Tilt Rwd 10°  
 Tilt: Side 9° Tilt Side 11°  
 Weight: 82kg

**FEATURES**  
 High-grade steel for quality and durability. Lead-free paint prevents rust & is oil, grease and dirt-resistant for easy cleanup. Universal mounting cradle gives wide fore & aft tilt. High quality large diam. hydraulic steel cylinder. Polished & treated Piston-ram extends service life.

## Transmission Lifter Passenger Vehicles

**PROTL500**  
 Latest Applied Technologies  
 Safe working capacity: RWD/FWD/AWD GVM <2,500KG  
 Rated capacity: 500kg  
 Working height: 940-1940mm  
 Ram travel 1st stage: 490mm  
 Ram travel 2nd stage: 510mm  
 Tilt: Fwd 9° Rwd 28° Left 9° Right 28°  
 Base: 610 x 740mm  
 Weight: 65kg

**Professional Reputable Outstanding**  
 Trusted by serious professionals

**FEATURES**  
 Piston-ram is treated and polished to minimise wear and extend service life. Premium quality (doubled) O rings with anti-dust ring. Rapid lift without load. Slow descent with load. Overload safety valve. Aviation grade hydraulic fluid.

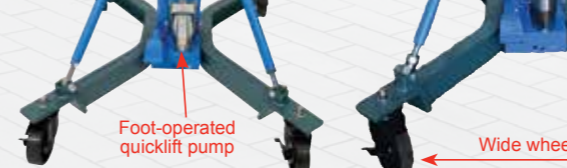

## Transmission Lifter SUV / 4x4 & Light Commercial

**PROTL1000**  
 Latest Applied Technologies  
 Safe working capacity: RWD/FWD/AWD/4X4 GVM <3,500KG  
 Rated capacity: 1,000kg  
 Working height: 940-1940mm  
 Ram travel 1st stage: 490mm  
 Ram travel 2nd stage: 510mm  
 Tilt: Fwd 9° Rwd 28° Left 9° Right 28°  
 Base: 610 x 740mm  
 Weight: 76.5kg

**Professional Reputable Outstanding**  
 Trusted by serious professionals

**FEATURES**  
 Piston-ram is treated and polished to minimise wear and extend service life. Premium quality (doubled) O rings with anti-dust ring. Rapid lift without load. Slow descent with load. Overload safety valve. Aviation grade hydraulic fluid.

 Inc. GST \$2018.50

## Transmission Lifter SUV / 4x4 & Light Commercial

**2057T TRADEQUIP**  
 The trusted brand in equipment  
 Safe working capacity: RWD/FWD/AWD/4X4 GVM <3,500KG  
 Rated capacity: 1,000kg  
 Working height: 205-725mm  
 Cradle size: 340 x 200mm

Tilt: Fwd 70° Rwd 15°  
 Cradle lateral adjustment: 90mm  
 Chassis: 850L x 490W x 305Hmm  
 Weight: 54kg

**FEATURES**  
 Adjustable head (forward & backward). Lateral cradle adjustment. Hydraulic system overload protection. Four (4) swivel castors allow easy movement and positioning of transmission jack. Rugged heavy duty steel wheels with full swivel ball bearing castors. User-friendly 360° rotating pump handle.

## Transmission Lifter Commercial Vehicles

**BHDTJ2 BORUM**  
 Industrial Workshop Equipment  
 Safe working capacity: 2,000kg  
 Working height: 210-900mm  
 Cradle size: min. 385-470mm  
 Cradle size: max. 570-470mm  
 Adjustable tilt cradle  
 Cradle forward tilt: 30°  
 Cradle backward tilt: 30°  
 Swivel castors: 100mm  
 Chassis: 1160L x 685Wmm  
 Weight: 130kg

**FEATURES**  
 The adjustable cradle can be tilted forward or backward for optimum alignment of transmission bolt patterns and pins. Hydraulic system is protected from overload damage. Safety load-restraint for raising & lowering safety. Rugged steel wheels & full swivel ball bearing castors. User-friendly 360° rotating pumping handle.

**Underhoist Auxiliary Stand 680KG**

1198T **TRADEQUIP**  
*The trusted brand in equipment*  
 Safe working capacity: 680kg  
 Height: 1370-2045mm  
 Base diameter: 300mm  
 Weight: 16.5kg

WHEN TO USE AN AUXILIARY STAND

**FEATURES**  
 Fast and safe technology for professional mechanics.  
 Heavy gauge steel frame prevents distortion or twisting.  
 Provides partial support for components - NOT designed to support the vehicle.  
 Foot pedal allows easy load movement and hand free operation.  
 Quick action adjustable height mechanism.  
 Sold individually recommended only to be used individually.

Excludes GST  
**\$199**  
 Inc. GST \$218.90

Hands free foot pedal operation

**680kg Capacity**

**Auxiliary Lifter 500KG**

2058T **TRADEQUIP**  
*The trusted brand in equipment*  
 Rated capacity: 500kg  
 Working height: 1175-1985 mm  
 Lifting platform size:  
 A: 362 x 362mm  
 B:  $\Phi$  107.5mm

**FEATURES**  
 This TradeQuip "Made for the Trade" 500kg Auxiliary Lifter is the perfect underhoist aid during removal and installation of small components. It features a mounting cradle and lift pad and a manually operated hydraulic system with smooth hydraulic lift and descent. The hydraulic system also includes a bypass system to prevent over extension and accidental overloading.

**Engine Crane 3,000KG**

1193 **TRADEQUIP**  
*The trusted brand in equipment*

Safe working capacity: 3000kg  
Adjustable boom: 1000kg, 1500kg, 2000kg & 3000kg  
Maximum lifting height @ 3000kg: 1745mm  
Maximum lifting height @ 1000kg: 2088mm  
Jib length fully retracted @ 3000kg: 1100mm  
Jib length fully extended @ 1000kg: 1730mm  
Leg height 190mm  
Weight: 121.5kg

**FEATURES**  
This heavy duty TradeQuip "Made for the Trade" engine crane has a long stroke lifting ram, a single action pump with a maximum load capacity of 3,000kg.  
Very simple to use manual hydraulic operation.  
The jib extends to the desired lifting capacity of 1000kg, 2000kg or 3000kg secured by a single locking pin.  
Mounted on heavy duty castor wheels for excellent manoeuvrability around the workshop.

**Engine Support Bar**

1019T **TRADEQUIP**  
*The trusted brand in equipment*

Safe working capacity: 500kg  
Extension: 1020 - 1600mm  
Weight: 15kg

**FEATURES**  
Adjusts to fit across most car bonnets.  
Supports engines or transmissions.  
Powder coat finish.  
Adjustment screw for load leveling.  
Supplied with short length of chain.

## Mechanics Creeper Caddy

Safe working capacity: 25kg  
Tray depth: 43mm (inner)  
Swivel castors: 4 x 50D x 16Wmm  
435L x 400W x 120Hmm  
(castor included)

**MADE FOR THE TRADE**

**FEATURES**  
Easy to clean finish that is oil and solvent resistant and won't rust. 4 smooth-rolling swivel castors. Impact resistant polymer plastic. Built-in parts/tool storage compartments.

**25kg Capacity**

**Excludes GST \$45**  
Inc. GST \$49.50

## Ratcheting Positioning Jacks

Safe working capacity: 680kg each  
Max. distance between rollers: 710mm  
Min. distance between rollers: 340mm  
Suits tyres up to: 280mm (W)  
Swivel castors: 100mm

**FEATURES**  
Steel construction with metal rollers. Heavy duty nylon swivel castors. Easy foot-pedal lifting design. 2 jacks permit full 180° vehicle pivot. 4 jacks place vehicle on a 360° rolling platform. Lead-free paint finish helps prevent rust and is oil, grease and dirt-resistant for easy cleanup. Quick action adjustable height mechanism. Sold & recommended only to be used in pairs.

**HEAVY GAUGE STEEL**

**488mm max. lift height**

**Easy foot pedal lift**

**Heavy duty nylon swivel castors**

**Excludes GST \$469**  
Inc. GST \$515.90  
pair

**MADE FOR THE TRADE**

## Mechanics Creeper 130KG

Safe working capacity: 130kg  
1010L x 475W x 115Hmm

**MADE FOR THE TRADE**

**Excludes GST \$92**  
Inc. GST \$101.20

**Ergonomic shoulder recesses**

**Convenient tool trays on each side**

**FEATURES**  
The creeper body is manufactured to "Made for the Trade" quality using a high-impact polymer material that resists impacts, won't rust and is easy to clean. Comfortable padded headrest and load capacity of up to 130kg, this low-profile creeper is one of the lightest and most durable available.

## Wheel Tyre Lifter

1055T  
Safe working capacity: 50kg  
Rollers moving distance: 125mm  
Roller diameter & length: (D) 76.2 x 240mm  
Rollers push force: <4kg based on 50kg load  
Lifting handle force: 1kg based on 50kg load  
Overall height: 1380mm  
Overall base dimensions: 725W x 872D mm  
Roller working range: 100mm to 1060mm  
Front castors: 2(D) 75 x 24mm  
Rear castor - Locking: 2(D) 75 x 24mm  
Weight: 51.25kg

**TRULY MOBILE... NO ADDITIONAL AIR LINE OR CHARGING CABLES NEEDED**

**FEATURES**  
Braked Swivel Castor. Sturdy Frame to safely transport wheel around workshop. Adjustable Safety Brace.

**Excludes GST \$1088**  
Inc. GST \$1196.80

**50kg Capacity**

**Braked swivel castors**

**Fully adjustable rollers**

**1380mm**

**MADE FOR THE TRADE**

## Truck Wheel Nut Wrench Torque Multiplier

8033  
1" Drive hand winder operated  
Trans-speed ratio: 1:56  
27mm, 32mm, 33mm, 41mm wheel nut sockets  
Torque output: 4800Nm

**Suitable for Buses and Trucks**

**Excludes GST \$169**  
Inc. GST \$185.90

**INDIVIDUAL SOCKETS AVAILABLE**

The lifters drive screw can be activated by an air or battery-operated ratchet wrench from the top of the unit.

## Wheel Dolly Single 250KG

B250WH  
Safe working capacity: 250kg  
Maximum depth: 305mm  
Overall height: 1000mm  
Weight: 14kg

**INDUSTRIAL QUALITY**

**250kg Capacity**

**FEATURES**  
Adjustable arms. Equipped with rollers for easy positioning. Stop rollers on the rear side. Ergonomic handle with rounded & soft safety grip.

This BORUM WHEEL DOLLY is a sturdy & handy transport aid for various types of wheels (trucks, vans, utes and cars). This versatile and easy to operate piece of equipment features adjustable arms. Equipped with two wheels and an ergonomic handle, the units manoeuvrability is not hampered by the size of the wheel.

**Hydraulic Bottle Jacks**

**HEAVY DUTY**  
One Piece  
Ergonomic  
Handle

**FEATURES**  
Machined and polished cylinders with die-cut threads provide non-abrasive leak-free, durable performance. Fabricated from hard-cast steel with heat-treated critical stress areas.  
Unique cross-type forged release valve ensures positive load control.  
Overload protection Hydraulic system is protected from internal damage by a by-pass mechanism.  
High quality glide-action pressure pump.  
Supplied with 500mm pump handle.

**FEATURES OF TQ Pro BOTTLE JACKS**  
Using CNC technology, TQ Pro products are constructed using superior-grade steel and built to premium TQ Pro standards for professional quality and durability.  
Premium quality large diameter hydraulic steel cylinders are machined with precision tolerances, then treated and polished to minimise wear and extend service life.  
Incorporating the latest technology in aggressive wiping lips and OD exclusion, the high capability premium quality seal systems efficiently protect internal hydraulics keeping it free from dirt, mud, water, and other contaminants.  
A lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting premium finish with a final coat that is oil, grease and dirt-resistant for easy cleanup.

## Workshop Mate Workstation featuring a 30,000KG Shop Press & Spring Compressor

WSM4 WORKSHOP MATE THE MECHANICS WORKSTATION

Safe working capacity: 30,000kg  
Working range: 224mm-819mm  
Piston ram stroke main ram: 140mm (Standard load cap fitted)  
Bed height settings: 85mm increments-8 settings  
Bed width: 466mm Bed gap: 200mm  
Spring compressor: Piston ram stroke: 295mm  
Operating air pressure: 90-125psi  
Overall dimensions: 1820H x 1170W x 820Dmm  
Weight: 400kg

**FEATURES**  
AIR/HYDRAULIC OPERATED 30,000KG PRESS  
SPRING COMPRESSOR.  
FILTER CRUSHING ACCESSORY  
DOZENS OF UNIQUE TOOLING OPTIONS  
ON-BOARD TOOLING STORAGE STAND  
WINCH OPERATION TO LOWER AND RAISE BENCH

**BENEFITS**  
Press almost any bearing or bush with **PRECISION** and **ACCURACY** in minutes, saving valuable workshop time.  
Smooth **AIR/HYDRAULIC** foot pedal operation for hands-free accuracy & control.  
Hands free Spring Compression.  
Even the most difficult pressing tasks become **SAFE & EASY**.  
Complete with **COMPREHENSIVE HIGH QUALITY** Interlocking Tool, Die and Spacer Kit to ensure **SAFE WORK PRACTICES**.  
Complete on machine storage - minimises time spent searching for the required tools & spacers for each job!  
Tasks like **SUSPENSION BUSHES** once seen as too hard become a breeze.  
A comprehensive variety of spring adaptors, suitable to almost any type or model of spring **SAFE & EASY** to compress in minutes.  
Decrease labour time & increase productivity and efficiencies.  
**INCREASE WORKPLACE SAFETY.**  
Undertake jobs that are currently too difficult.

### Workshop Mate 18 Pce Sleeve Kit

WSMP50 WORKSHOP MATE THE MECHANICS WORKSTATION

18 Piece Sleeve Set includes:  
28x20x80mm; 33x25x80mm;  
38x30x80mm; 43x35x80mm;  
48x40x80mm; 53x45x80mm;  
58x50x80mm; 63x55x80mm;  
68x60x80mm; 73x65x80mm;  
78x70x80mm; 83x75x80mm;  
88x80x80mm; 93x85x80mm;  
98x90x80mm; 103x95x80mm;  
108x100x80mm; 113x105x80mm

Excludes GST  
**\$389**  
Inc. GST \$427.90

**FEATURES**  
18 sleeves constructed from heat-treated forged carbon steel.  
Sturdy metal carry case.  
Designed and engineered to work as an added accessory to all current Workshop Mate Workstations.

**Great Workshop Mate Accessory**

**TRANSFORM THE WORKSHOP**

### Workshop Press 20,000KG

**1061T TRADEQUIP**  
 Safe working capacity: 20,000kg  
 Working range: 60-773mm  
 Overall height: 1503mm  
 Overall width: 705mm  
 Overall depth: 660mm  
 Bed width: 504mm  
 Bed gap: 103mm  
 Bed inside: 285 x 103mm  
 Press head diameter: 40mm  
 Press head length: 68mm  
 Jacking handle: 694mm  
 Piston ram stroke: 160mm  
 Weight: 82kg

20,000kg Capacity

MADE FOR THE TRADE

Excludes GST \$569  
 Inc. GST \$625.90

**FEATURES**  
 High-grade Channel Steel.  
 Hydraulics are powered with a high quality oil.  
 Integrated overload protection valve keeps from overloading the system.  
 Lead-free paint finish is oil, grease and dirt-resistant for easy cleanup and to help prevent rust.

### Hydraulic Workshop Press 20,000KG

**1063T TRADEQUIP**  
 Safe working capacity: 20,000kg  
 Working range: 43-882mm

 Inc. GST \$8798.90

**FEATURES**

- Heavy-duty H-frame constructed of high-grade steel and built to exacting standards for quality and durability.
- Foot operated air trigger ram travel control. • 100mm pressure gauge. • Extra tall working range for versatility. • Pair of bed plates included
- Table winch system lowers or raises the bed. • Integrated overload protection valve keeps from overloading the system.
- High quality large diameter hydraulic steel cylinder unit results in lower oil pressure needed to raise the load, helping to reduce wear and extend service life.
- Piston-ram is treated and polished and fitted with backup ring, preventing load from falling slowly or bypassing oil drift.
- Hydraulics are powered with a high quality oil, which offers better corrosion resistance & high/low temperature flexibility, allowing the unit to operate at temperatures.
- Lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting finish to help prevent rust & is oil, grease, & dirt-resistant for easy clean up.

**FEATURES**  
 TradeQuip "Made for the Trade" Ultrasonic Parts Cleaners make it easy to clean items like carbies, calipers, nuts & bolts, most small metal parts - even jewelry. Just fill the cleaner with water, mix with the appropriate ultrasonic cleaning additive (sold separately), set the timer and walk away to get on with another job. The ultrasonic cleaner works with or without heat and provides deep cleaning using ultrasound technology and water. The adjustable temperature and timer gives you a variety of cleaning performance options.

## Parts Washer 90 Litre

**1003T **TRADEQUIP****  
 Pump power: 240V/50Hz/0.5A  
 Pump output: 2.7-3.3 Litres per min.  
 Tank: 758L x 527W x 275Hmm  
 Minimum fluid capacity: 18 Litres  
 Maximum fluid capacity: 45 Litres  
 Size: 780L x 540W x 908Hmm

**MADE FOR THE TRADE**

**FEATURES**  
 Sturdy metal construction and quality enamelled gloss finish.  
 Enclosed "High Volume" electric pump & fully screened pump housing.  
 Built-in replaceable pump inlet filter.  
 Chromed flexible metal fluid delivery pipe.  
 Large removable parts cleaning shelf for inspection and drying.  
 Immersion soaking when parts cleaning shelf removed.  
 Non welded one-piece tank with Quick Close fire safe lid mechanism.  
 Suitable for use with aqueous water based cleaning fluids.  
 Replacement parts available.

**Excludes GST \$289**  
 Inc. GST \$317.90

**WARNING**  
 Do Not use cleaning fluids with a flashpoint

## Parts Washer 180 Litre

**1004T **TRADEQUIP****  
 Pump power: 240V/50Hz/0.5A  
 Pump output: 2.7-3.3 Litres per min.  
 Tank: 1135L x 545W x 320Hmm  
 Min. fluid capacity: 33 Litres  
 Max. fluid capacity: 90 Litres  
 Size: 1150L x 560W x 1430Hmm

**MADE FOR THE TRADE**

## Replacement Parts Washer Pump

**1005 **TRADEQUIP****  
 Power: 230V 50Hz 26W 0.6Amp  
 Cable length: 305mm  
 Head max: 1.8m  
 Flowrate: 3.15 litres per minute  
 Outlet thread: 1/2" NPT Female  
 100L x 85H x 65W mm

**WARNING: ONLY SUITABLE FOR USE WITH WATER BASED SOLUTIONS**

**Excludes GST \$85**  
 Inc. GST \$93.50

**FEATURES**  
 Sturdy poly/plastic body. Stainless steel shaft.  
 Suits parts washers with chromed flexible metal fluid delivery pipes.  
 Snap off inlet grill for easy cleaning.  
 Suitable for use with aqueous water based cleaning fluids.  
 Works with TradeQuip parts washers (Code/s 1003T, 1004T and 1050, sold separately)

## Parts Washer Brush & Hose

**1806 **TRADEQUIP****  
 Long life 70mm synthetic bristles  
 Polypropylene handle  
 Stepped hose fitting suitable for connecting to 13mm and 16mm spouts  
 Suits TradeQuip parts washers 1003T, 1004T & 1050

**MADE FOR THE TRADE**

**Excludes GST \$28**  
 Inc. GST \$30.80

**WARNING: ONLY SUITABLE FOR USE WITH WATER BASED SOLUTIONS**

Stiff bristles are ideal for cleaning automotive and machined parts

**LARGER SIZES AVAILABLE FOR SPECIAL ORDER. PLEASE ENQUIRE WITH YOUR PREFERRED DISTRIBUTOR.**

**Blasting Cabinet 220 Litre Capacity**

3051 **TRADEQUIP**  
*The trusted brand in equipment*

Cabinet capacity: 220 Litre  
Working pressure: 60-110psi  
Maximum media capacity: 20kg  
4 Ceramic nozzle tips: 4, 5, 6 & 7mm  
With gun & low voltage internal fluorescent light  
Tempered glass view window: 250 x 525mm  
External size: 1400H x 890L x 550Wmm

**MADE FOR THE TRADE**

Suitable for use with workshop vacuum

Excludes GST  
**\$849**  
Inc. GST \$933.90

Includes gun and light

**220 LITRE Capacity**

**FEATURES**

Freestanding floor model.  
Complete with gun and low voltage internal fluorescent light.  
Tempered glass viewing window with protective shields.  
Cabinet fitted and ready to be used with a workshop vac as dust collection system.  
Spare parts available in Australia.

**Blasting Cabinet 420 Litre Capacity**

3036T **TRADEQUIP**  
*The trusted brand in equipment*

Cabinet capacity: 420 Litre  
Air regulator & gauge panel  
4 Ceramic nozzles: 2x5mm, 2x6mm  
Maximum media capacity: 70kg  
Maximum air pressure: 125psi  
Required air supply: 15-25CFM  
14 gauge steel legs & 16 gauge panels  
Sand blasting efficiency: 100cm<sup>2</sup>/min  
Optimum operating pressure 60-110psi  
External size: 1680H x 1180W x 940Dmm

Oversized hinged top door opening  
Includes 240V dust extraction system

Includes blasting gun and vinyl blaster gloves

**420 LITRE Capacity**

Excludes GST  
**\$2999**  
Inc. GST \$3298.90

**FEATURES**

Perfect for surface preparation on any type where other forms of preparation are difficult.  
Ideal for removing paint, rust, scale and oxidation.  
Large viewing window gives the operator a wide viewing area.  
Oversized hinged top door opening & large inside work area allows easy maneuverability.  
Hinged door on hopper allows for easy abrasive changes.  
Fluorescent light kit and 90CFM dust collector help the operator to maintain a good visual.  
Rear-mounted dust collector.  
Replaceable protective window. Foot-pedal-controlled siphon blast gun.

**MADE FOR THE TRADE**

**Soda/Sand Blasting Hood**

3053 **TRADEQUIP**  
*The trusted brand in equipment*

Durable fabric & synthetic-leather construction  
Large 110mm x 55mm acrylic viewing plate  
Adjustable internal helmet for added comfort  
Reinforced side ventilation panels for increased airflow

**FEATURES**  
Protect eyes and face from "rebounding" abrasive particles by wearing Abrasive Blasting Hood. Ideal for many abrasive-blasting applications.

Excludes GST  
**\$55**  
Inc. GST \$60.50

NOT FOR RESPIRATORY PROTECTION

**BLASTING MEDIA ABRASIVE**

TradeQuip "Made for the Trade" Blasting Media Abrasives are designed for use in conjunction with our TradeQuip Mobile Blasting Kits and Blasting Cabinets. Abrasive blasting has been used for many years to clean and remove rust, paint and corrosion. There are many types of abrasive media available, the most common being Garnet, Steel Grit and Glass Bead. These media have an aggressive cut and can rapidly remove paint and rust. However, they can also generate significant heat, potentially resulting in warped metal and etched surfaces, and they cannot be used on fiberglass. Also, chrome, plastic, rubber, trim, and other parts must be removed from a work surface or masked-off before blasting. Alternatively, less-aggressive media, such as Walnut Shell, will do a great job at removing paint. Walnut Shell does not generate as much heat as other media, and can be used on sheet metal and fiberglass without damaging the base material. However, Walnut Shell as with any abrasive media, will require more clean-up as it leaves particles in the car body's seams and crevices that can be difficult to completely remove. Soda blasting media has non abrasive properties which makes it a very universal blasting media which can be applied to lighter materials such as aluminium, plastic, fiberglass, wood etc. Soda Blasting does not damage glass, rubber, chrome items if they are left on a vehicle for blasting.

**GARNET 25KG MEDIUM 30/60**

3020T **TRADEQUIP**  
*The trusted brand in equipment*

Garnet is a gemstone with excellent naturally abrasive properties. This hard abrasive is fast-cutting, low-dust producing and low-consuming, excellent for removing tough coatings, paint, rust and mill scale from steel. Garnet also permits precise feathering control. A good general outdoor surface preparation abrasive.

Excludes GST  
**\$62**  
Inc. GST \$68.20

**WALNUT SHELLS 20KG 6-100 MICRON**

3022T **TRADEQUIP**  
*The trusted brand in equipment*

Walnut Nut shells and other organic materials, don't cause anchor patterns, making them useful for removing dirt, grease, oil, carbon, scale, burrs and paint without changing the underlying substrate. Walnut shells can be an excellent choice for softer surfaces such as wood — they won't cause etching. Walnut shells are one of less abrasive blasting media you can use and are completely biodegradable, making them among the most environmentally-friendly blasting media.

Excludes GST  
**\$169**  
Inc. GST \$185.90

**GARNET 25KG COARSE 20/40**

3023T **TRADEQUIP**  
*The trusted brand in equipment*

Garnet is a gemstone with excellent naturally abrasive properties. This hard abrasive is fast-cutting, low-dust producing and low-consuming, excellent for removing tough coatings, paint, rust and mill scale from steel. Garnet also permits precise feathering control. A good general outdoor surface preparation abrasive.

**GLASS BEAD 25KG 106-300MICRON**

3025T **TRADEQUIP**  
*The trusted brand in equipment*

Glass beads are used for general cleaning, peening and cosmetic finishing of sensitive metal surfaces; removing automotive paint; brightening grout and removing fungus and calcium deposits from tile; polishing cast iron, stainless steel, aluminium, propellers and turbine blades. Glass Beads are environmentally friendly and can be used in many blast applications to provide a finish with no profile. Use while working with metal, plastic or rubber materials to clean, debur and finish.

Excludes GST  
**\$99**  
Inc. GST \$108.90

**SODA BI CARB 22KG (Product of America)**

3028T **TRADEQUIP**  
*The trusted brand in equipment*

Clean tools, strip paint and more with Soda Bi-Carbonate. The medium-sized crystals provide blasting power to smooth and strip paint without damaging other surfaces. Works with aluminium, steel, stainless steel, fiberglass and more...

Excludes GST

Overall height: 1780mm

**Motorcycle Lifter 360KG**

**2102T TRADEQUIP**  
The trusted brand in equipment  
Safe working capacity: 360kg  
Height: 205 - 780mm  
Platform: 490W x 1345Lmm  
Weight: 95kg

**MADE FOR THE TRADE**

**360kg Capacity**

**Excludes GST \$899**  
Inc. GST \$988.90

Features wide lifting stability

**Motorcycle Lifter 450KG**

**2101T TRADEQUIP**  
The trusted brand in equipment  
Safe working capacity: 450kg  
Height: 175 - 750mm  
Platform: 680W x 2200Lmm  
Weight: 120kg

**FEATURES**  
Ideal lift for use with motorcycles, ATV's, tractors, personal watercraft & snowmobiles. Locking bar for safety. Powder coated structural heavy duty steel. Extra Long Full width loading ramp. Step-less rate of lowering irrespective of load. Oil trap plate for easy drainage. 2 foot pedals for raising & lowering - for easy hands free operation. Fitted with 2 position platform locking device to prevent accidental lowering. Quality wheels and swivel castors making it easier to position and move around. Lockdown bolts to prevent unwanted movement during use. Does not include tie down straps.

**Motorcycle Lifter Air Actuated 680KG**

**2103T TRADEQUIP**  
The trusted brand in equipment  
Safe working capacity: 680kg  
Height: 185 - 825mm  
Platform dimensions: 710 x 2000mm  
Required air pressure: 0.75-0.85Mpa  
Weight: 169kg

**Excludes GST \$1999**  
Inc. GST \$2198.90

**FEATURES**  
Designed to deliver the ideal lift for use with motorcycles, ATV's, tractors, personal watercraft, and snowmobiles. Locking bar for safety. Extra long full width loading ramp. Powdercoated structural heavy duty steel. Stepless rate of lowering irrespective of the load. Oil trap plate for easy drainage. Lockdown bolts. 2 foot pedals for raising & lowering - for easy hands free operation. Fitted with 2 position platform locking device.

**680kg Capacity**

**MADE FOR THE TRADE**

**OPTIONAL EXTRA Side Extensions 2103T-EXT**

**Motorcycle Scissor Lift 500KG**

**2104T TRADEQUIP**  
The trusted brand in equipment  
Safe working capacity: 500kg  
Height: 95 - 420mm  
Platform dimensions: 450x150mm  
Weight: 13.8kg

**MADE FOR THE TRADE**

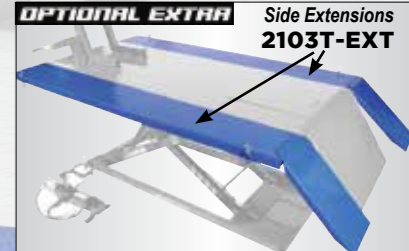

**Excludes GST \$175**  
Inc. GST \$192.50

**Excludes GST \$1189**  
Inc. GST \$1307.90

**FEATURES**  
Designed to deliver the ideal lift for use with motorcycles, ATV's, tractors, personal watercraft, and snowmobiles. Lifts back wheel off lift table for tyre/wheel change. Powder coated structural heavy duty steel construction. Rotate lead screw to adjust & raise the lift. Bolt down lugs to prevent unwanted movement.

**SAFE WORKING CAPACITY 500KG**

**OPTIONAL EXTRA**  
To purchase a 1st Wheel Barrow and the TradeQuip 2104T Scissor Lift

**Workshop Trolley (Polymer)**

**6044T TRADEQUIP**  
 The trusted brand in equipment.  
 Safe working capacity: 226kg  
 Top tray: 778L x 415W x 63Hmm  
 Tray capacity: 113kg (each)  
 Smooth rolling rubber castors: 125D x 25Wmm  
 Ground clearance: 140mm  
 Weight: 14kg

Excludes GST **\$249**  
 Inc. GST \$273.90

**FEATURES**  
 Two deep shelves for plenty of storage. Will not dent, rust or chip. Convenient push handle. Two swivel and two fixed smooth rolling rubber castors. No painting required. Cleans easily. Virtually maintenance free.

**Workshop Trolley (Polymer)**

**6045 TRADEQUIP**  
 The trusted brand in equipment.  
 Safe working capacity: 226kg  
 3 x 100mm deep shelves  
 125x30mm smooth rolling rubber swivel castors  
 75kg tool tray capacity  
 875L x 430W x 830Hmm

Excludes GST **\$275**  
 Inc. GST \$302.50

**FEATURES**  
 Deep shelves for plenty of storage. Will not dent, rust or chip. Convenient push handle. Two swivel and two fixed smooth rolling rubber castors. No painting required. Cleans easily. Virtually maintenance free.

**Workshop Trolley 3 Tool Trays**

**6004 TRADEQUIP**  
 The trusted brand in equipment.  
 Safe working capacity: 150kg  
 Powder coated .6mm steel  
 100mm composite castors  
 845L x 410W x 780Hmm

Excludes GST **\$179**  
 Inc. GST \$196.90

**FEATURES**  
 This three shelf workshop tool trolley is durable enough for moving tools and car parts. Deep shelves give you plenty of storage for your tools and parts.

**Workshop Trolley 2 Tool Trays & 1 Drawer**

**6012T TRADEQUIP**  
 The trusted brand in equipment.  
 Safe working capacity: 100kg  
 One lockable drawer  
 100mm composite rubber castors  
 Two 100mm deep shelves  
 770L x 370W x 830Hmm

Excludes GST **\$269**  
 Inc. GST \$295.90

**FEATURES**  
 Heavy gauge steel construction. Quality 35mm ball bearing side drawer. Side handle for comfort and control. Tough enamel finish.

**Workshop Trolley (Polymer)**

**6042T TRADEQUIP**  
 The trusted brand in equipment.  
 Safe working capacity: 226kg  
 Tray: 900L x 600W x 65Hmm  
 Tray capacity: 113kg (each)  
 Smooth rolling rubber castors: 125D x 25Wmm  
 Ground clearance: 140mm  
 Weight: 22kg

Excludes GST **\$339**  
 Inc. GST \$372.90

**FEATURES**  
 Two deep and wide shelves for plenty of storage. Convenient push handle. Virtually maintenance free. Two swivel and two fixed smooth rolling rubber castors. Will not dent, rust or chip. No painting required. Cleans easily.

**Workshop Trolley (Polymer)**

**6043T TRADEQUIP**  
 The trusted brand in equipment.  
 Safe working capacity: 226kg  
 Tray capacity: 76kg (each)  
 Tray: 900L x 600W x 65Hmm  
 Smooth rolling rubber castors: 125D x 25Wmm  
 Ground clearance: 140mm  
 Weight: 33.5kg

Excludes GST **\$389**  
 Inc. GST \$427.90

**FEATURES**  
 Three deep and wide shelves for plenty of storage. Convenient push handle. Virtually maintenance free. Two swivel and two fixed smooth rolling rubber castors. Will not dent, rust or chip. No painting required. Cleans easily.

**Workshop Trolley (Polymer)**

**6046 TRADEQUIP**  
 The trusted brand in equipment.  
 Safe working capacity: 226kg  
 8 Parts bins 241x152x127mm  
 24 Parts bins 165x101x76mm  
 125x30mm rubber swivel castors  
 85kg tool tray capacity  
 1000L x 435W x 850Hmm

Excludes GST **\$379**  
 Inc. GST \$416.90

**FEATURES**  
 Deep shelves give you plenty of storage for your tools and parts. Industrial grade castors. Will not dent, rust or chip. Convenient push handles. No painting required. Cleans easily.

**Self-Evacuating Oil Drainer 65 Litre**

**1046T TRADEQUIP**  
 The trusted brand in equipment.  
 Capacity: 65 Litres  
 Working height: 1080-1600mm  
 Discharge pressure: 12psi  
 Telescopic adjustment  
 Air inlet: 1/4" BSP

**TELESCOPIC COLLECT STORE/CARRY DISCHARGE**

**MADE FOR THE TRADE**

**FEATURES**  
 Collect, transfer, evacuate used engine oils, transmission fluids, power steering fluids etc. Top quality heavy-gauge steel collection tank with adjustable telescopic drain pan. Offset drain bowl and Tank oil level indicator. Air pressure relief valve prevents. Sturdy rubber front wheels and ball bearing-mounted rear castors provide stability and easy maneuverability. Lead-free paint is oil, grease and dirt-resistant. Oil, heat, ozone and abrasion resistant hose.

**Truck Fluid Drain Pan 60 Litre**

**1146T TRADEQUIP**  
 The trusted brand in equipment.  
 Capacity: 60 Litres  
 Enamel steel construction  
 Oil and coolant resistant  
 Size: 1174 x 641 x 673mm  
 Front swivel castors

**MADE FOR THE TRADE**

**60 LITRE Capacity**

**FEATURES**  
 Enamelled steel construction. Oil and coolant resistant. Removable metal screen. Two front swivel castors. Two rear fixed wheels. Brass drain valve. Transfer pump coupling. Grab handle.

Excludes GST **\$299**  
 Inc. GST \$328.90

**Truck Fluid Drain Pan with Hand Pump 65 Litre**

**1147T TRADEQUIP**  
 The trusted brand in equipment.  
 Lightweight high-impact polypropylene. Oil and coolant resistant  
 Manoeuvrable 4" castors  
 Tank size: 1300x730x200mm

**MADE FOR THE TRADE**

**FEATURES**  
 Lightweight high-impact polypropylene. Suitable for engine oil, coolant and transmission fluid. Built-in rotary hand discharge pump. Removable metal filter screen. Smooth rolling rubber castor wheels.

**65 LITRE Capacity**

Excludes GST **\$579**  
 Inc. GST \$636.90

**Truck Fluid Drain Pan 95 Litre**

**1145T TRADEQUIP**  
 The trusted brand in equipment.  
 Capacity: 95 Litres  
 Minimum tray clearance: 196mm  
 Reservoir dimensions: 910L x 725W x 165Hmm  
 Size: 1120L x 780W x 195Hmm

**FEATURES**  
 Enamelled steel construction. Oil and coolant resistant. Removable metal screen. Four swivel wheels, two which are braked. Handle can be mounted to front or side. Drain valve & Grab handle.

Excludes GST **\$409**  
 Inc. GST \$449.90

**MADE FOR THE TRADE**

**Steel Workbench**

**1014T TRADEQUIP**  
 Safe working capacity: 90kg  
 Work surface: 1510x700mm  
 Raised edge height: 50mm  
 1520L x 710W x 830Hmm  
 Weight: 48kg

**FEATURES**  
 Sturdy steel construction.  
 High gloss enamel paint finish.  
 Raised protective edge to work surface.  
 Adjustable feet for levelling on uneven floors.  
 Quick and easy to assemble.  
 Easily wipe dirt and grime from surface with a soft cloth.

**3 Drawer Steel Workbench**

**1012T TRADEQUIP**  
 Safe working capacity: 300kg  
 Heavy duty steel construction  
 High gloss enamel paint finish  
 Includes bottom shelf & 3 locking drawers  
 Each drawer holds up to 50kg  
 2000L x 860H x 640Wmm

**FEATURES**  
 Manufactured from high quality, heavy-duty steel and features a large surface for more work space and an extended lip around the surface of the table.  
 The tough high gloss enamel paint finish is designed to provide years of protection against normal wear and tear.

**Mobile Workshop Table**

**6024T TRADEQUIP**  
 Safe working capacity: 45kg  
 Working height: 930-1270mm  
 Castor wheel diameter: 75mm  
 Top dimensions: 809L x 475W x 42Hmm  
 Main tray dimensions: 580L x 308W x 38Hmm  
 Overall dimensions: 870L x 755W x 942Hmm  
 Weight: 19.5kg

**FEATURES**  
 The Heavy Duty steel construction. Easily handles loads up to 45kg. Solid composite rubber castors. Simple height adjustment gives you plenty of options for lowered cars or SUV's.

Excludes GST **\$365**  
 Inc. GST \$401.50

**Workshop Trolley 2 Drawers & Lockable Sliding Top**

**6019T TRADEQUIP**  
 Safe working capacity: 100kg  
 Two lockable drawers & top  
 100mm composite rubber castors  
 Two 75mm deep shelves  
 700L x 370W x 760Hmm

Excludes GST **\$385**  
 Inc. GST \$423.50

**FEATURES**  
 Heavy gauge steel construction with lockable sliding top. Quality 35mm ball bearing sliding drawers, which are locked when top is closed. Side handle for comfort/control when moving. Tough enamel finish. Non slip rubber tool tray liners.

**Mobile Workbench**

**6047 TRADEQUIP**  
 Safe working capacity: 250kg  
 Bench top capacity: 150kg  
 Bench top: 1200L x 640Wmm  
 1200L x 640W x 875H mm  
 Shelf: 1110L x 460Wmm  
 Shelf capacity: 100kg  
 Weight: 56.5kg

**MADE FOR THE TRADE**

Excludes GST **\$739**  
 Inc. GST \$812.90

**FEATURES**  
 Heavy duty rolled edge steel construction. Convenient removable drain bowl. 13mm benchtop rim to contain leaking fluids when working on engines and transmissions. Quality castors (2 swivel with brake). Lockable steel drawer with ball bearing slides. High gloss enamel finish.

**Mobile Bench**

**1073T TRADEQUIP**  
 Safe working capacity: 300kg  
 Work surface: 1100 x 700mm  
 1100L x 700W x 830H mm  
 Weight: 60kg

**FEATURES**  
 Sturdy steel construction. High gloss enamel finish. Heavy-duty handle. Quality castors - two fixed & two locking swivel.

Excludes GST **\$699**  
 Inc. GST \$768.90

**Mobile Workshop Table with Drawer**

**6056T TRADEQUIP**  
 340x300x45mm drawer  
 Adjustable from 860-1200mm high  
 Includes drawer and top tray liner  
 80kg Distributed load capacity  
 730x500x25mm top tray

**FEATURES**  
 Height adjustable for most vehicles. Ball Bearing wheels for easy moving. Multi-functional top table with 3 compartments and 6 screwdriver holes. Top EVA mat for skid resistance. Extra drawer for more storage room.

Excludes GST **\$269**  
 Inc. GST \$295.90

**Workshop Trolley Single Drawer**

**6020T TRADEQUIP**  
 Safe working capacity: 155kg  
 Lockable drawer: 635L x 320W x 80Hmm  
 Top storage tray: 695L x 405W x 65Hmm  
 Lower storage tray: 750L x 395W x 68Hmm  
 Rubber castors: 100Dmm  
 775L x 415D x 890Hmm

Excludes GST **\$379**  
 Inc. GST \$416.90

**FEATURES**  
 Heavy gauge steel construction with lockable drawer on smooth runners. Two top mounted handles for added control when manoeuvring. Tough enamel finish. Non slip EVA foam tool tray liner. Two heavy-duty locking swivel casters for control and manoeuvrability. Large top & bottom shelf giving extra clearance.

**22 Bin Parts Storage Rack**

**6053 TRADEQUIP**  
 Working load capacity: 100kg  
 15 parts bins: 345x105x75mm (3kg load capacity)  
 4 parts bins: 345x140x150mm (5kg load capacity)  
 3 parts bins: 345 x 205 x 150mm (8kg load capacity)  
 Swivel castor diameter: 100mm  
 880L x 410W x 950H mm

**MADE FOR THE TRADE**

Excludes GST **\$429**  
 Inc. GST \$471.90

**FEATURES**  
 Sturdy five-tier steel powder coated rack. Zinc plated wire shelving with bin locating guides. Quick & easy clip together adjustable shelves. Stackable bins made of moulded polypropylene. Ideal for garage, workshop, office, shed. Powder coat frame resists corrosion. Quality swivel castors (2x lockable). Convenient access to removable bins.

**36 Bin Parts Storage Rack**

**6054 TRADEQUIP**  
 Working load capacity: 200kg  
 15 parts bins: 345x105x75mm (3kg load capacity)  
 12 parts bins: 345x140x150mm (5kg load capacity)  
 9 parts bins: 345 x 205 x 150mm (9kg load capacity)  
 Swivel castor diameter: 100mm  
 880L x 410W x 1705Hmm

**MADE FOR THE TRADE**

Excludes GST **\$689**  
 Inc. GST \$757.90

**FEATURES**  
 Sturdy nine-tier steel powder coated rack. Zinc plated wire shelving with bin locating guides. Quick & easy clip together adjustable shelves. Stackable bins made of moulded polypropylene. Ideal for garage, workshop, office, shed. Powder coat frame resists corrosion. Quality swivel castors (2x lockable). Convenient access to removable bins.

**Truck Mobile Workshop Table**

**BMWST BORUM**  
 Safe working capacity: 34kg  
 Adjustable working height: 960-1500mm  
 Distance between front casters: 955mm  
 Caster wheel diameter: 75mm  
 Table top: 797L x 695W  
 Main tray: 556L x 695W  
 Depth at full width: 485mm  
 Includes top tray liner

**INDUSTRIAL QUALITY**

**FEATURES**  
 Height adjustable to most commercial vehicles. Smooth rolling casters. Extra wide legs to suit commercial vehicles. Multi-functional top table with 2 compartments and 8 screwdriver holes. Top EVA mat for skid resistance. Protective bumper for top tray. Strong tubular steel construction. Sturdy main support post.

**NEW**

**Workshop Trolley 4 Drawers with Lockable Top**

**6052 TRADEQUIP**  
 Safe working capacity: 260kg  
 4 lockable drawers on 35mm ball bearing slides  
 Two 75mm deep shelves for plenty of storage (one lockable)  
 Top 2 drawers (each): 310W x 370D x 50Hmm  
 Middle drawer: 680W x 370D x 70Hmm  
 Large drawer: 660W x 370D x 100Hmm  
 Two swivel and two fixed 100mm smooth rolling composite rubber castors.  
 850L x 445D x 972Hmm

Excludes GST **\$469**  
 Inc. GST \$515.90

**FEATURES**  
 Heavy gauge steel construction with lockable sliding top on smooth ball bearing runners. Quality ball bearing slide drawers, that lock when top is closed. Side handle for comfort and control when manoeuvring. Tough high gloss enamel finish. Non slip rubber tool tray liners. Heavy-duty ergonomic grip handle. Two heavy-duty locking castors for control and stability.

## ABOUT EAGLE PRO HYDRAULICS

With nearly 3 decades experience of manufacturing hydraulic tools for industrial applications, Eagle Pro Hydraulics has become the trusted partners for applications spanning from offshore plant maintenance to mining, infrastructure, commercial and industrial. Eagle Pro Hydraulics are manufactured to ISO 9001:2018 through international quality assurance programs which involve consistent observation of administration, management, manufacturing and production control. Eagle Pro hydraulic cylinders meet or exceed ANSI B30.1. This results in reliable and dependable high-quality products you can count on every time.

## ES SERIES

### Single Acting General Purpose

Eagle Pro ES series redefines durability for the harshest of industrial environments with its high strength alloy steel construction. Hardened and chromed piston ensures superior product life by reducing wear and corrosion. Eagle Pro ES series is not only durable, it gets the job done! Heavy-duty, straight pull return springs provide fast retraction. For greater flexibility and easy mounting, the ES series comes with collar, multiple piston threads, and base mounting holes. Hardened and E-coated snap-in type saddle prevents piston jamming and mushrooming, practically eliminating downtime. The female coupler comes with a dust cover – preventing dirt and debris from entering the hydraulic system. The Eagle Pro ES series also complies with ASME B30.1 standard.

## EDH SERIES

### Double Acting Hydraulic

The Eagle Pro EDH series incorporates a hollow piston design that allows both pushing and pulling forces. The construction of high strength alloy steel maximizes durability. The EDH series' double acting operation ensures fast and controlled piston reaction time. Accidental over-pressurization is prevented with a built-in safety valve. The collar, piston threads, and base mounting holes enable easy fixturing.

## ED SERIES

### Double Acting General Purpose

The Eagle Pro ED series produces fast and controlled piston contraction thanks to the double acting operation. A built-in safety valve prevents accidental-over pressurization. Most models include collar, piston threads, and base mounting holes to make fixturing a simple task. Piston jamming and mushrooming is prevented by the cylinder's hardened, and E-coated snap-in saddle. The ED series enhances durability with a hardened and chromed piston that reduces wear and corrosion. ED series cylinders are easy to move around the job site with the addition of carrying handles (and eyebolts on larger models) that ease positioning and carrying. A durable, anti-corrosive finish is added using an environmentally friendly coating process.

## EDX SERIES

### Double Acting High Tonnage

Eagle Pro EDX series maximizes durability with the use of a high strength alloy steel. The built-in safety valve prevents accidental over-pressurization. The EDX is easy to carry and position with the included eyebolts. Optional tilt saddles are also available. The hardened and chromed piston minimizes wear and corrosion damage. The incorporation of base mounting holes enables easy fixturing. An environmentally friendly coating process provides a highly durable finish.

## EL SERIES

### Single Acting With Locking Collars

The Eagle Pro EL series includes an alloy steel lock nut for mechanical load holding. The EL series is constructed of a high strength alloy steel to maximize durability. The hardened chrome piston reduces damage caused from wear and corrosion. The over flow port functions as a stroke limiter. The EL series includes hardened grooved replaceable saddles. Composite bearings prevent metal-to-metal contact. Quick reaction times are obtained through with heavy-duty straight pull return springs. An environmentally friendly coating process produces a finish that further increases durability.

## ESL SERIES

### Low Profile And Pancake Style

Featuring a low-profile, or flat design, the Eagle Pro ESL series cylinder is an optimal choice for confined spaces. The hardened and chromed piston is constructed of high strength alloy steel that increases durability by reducing wear and corrosion. The grooved piston end does not require a saddle and the inclusion of mounting holes permits easy fixturing. Retraction time is quick thanks to the heavy duty, straight pull return springs. An environmentally friendly coating process is used to provide the durable anti-corrosion finish.

## ESH SERIES

### Single Acting Hollow Piston

The Eagle Pro ESH Series allows for both pushing and pulling by incorporating a hollow piston design. The heavy-duty return spring provides notoriously quick reaction times. Easy fixturing with the inclusion of collar threads.

## EPA SERIES

### Dual Speed Hand Pumps

The Eagle Pro EPA series hydraulic hand pumps are some of the most durable, powerful and reliable hand pumps in the industry today. The EPA series feature valve blocks that are machined from a single piece of high strength aircraft grade aluminum and high capacity reservoirs made from alloy steel\* that maximizes durability. The EPA series hand pumps are compact and easy to carry around the job site. To get the job done faster, these powerful dual speed pumps offer some of the best flow rates in the industry. All of the EPA series hydraulic hand pumps feature an internal safety valve to prevent system damage.

**TRADEQUIP INDUSTRIAL AIR CONDITIONERS FEATURES & BENEFITS**  
 Compact yet powerful. Wide operating range of 18°-45°C.  
 Single duct system for easy installation. Capillary tube construction for simplicity.  
 5 Litre self-contained condensation tank for easy removal and emptying.  
 Heavy duty compressor with automatic restart and short cycle protection.  
 Motors and compressors have overload protection.  
 Durable and long lasting steel construction.  
 Heavy duty locking castors and handles for easy manoeuvrability.  
 Easy to use plug in and place the hot air duct out of window/door or into false ceiling.

## Workshop Heater 30kW SEASONAL LINE

1096T **TRADEQUIP**  
*The trusted brand in equipment*

Power output: 30kW - 102,360 Btu/h  
Motor: 240V/50Hz 10A 230W  
Air delivery: 720 cubic metres per hour  
Noise level: 76dB(A)  
Fuel consumption: 2.4kg/hr  
Tank capacity: 38 Litres  
Dimensions: 880 x 456 x 590mm  
Weight: 21kg

**MADE FOR THE TRADE**

**RUNS UP TO 9 HOURS  
ON A SINGLE FILL**

### FEATURES

Burns diesel or kerosene. Built in oil burner.  
Electronic flame control system.  
Safety overheat thermostat and pressure switch.  
Stainless steel heat exchanger.  
Double skinned combustion chamber for thermo-acoustic insulation and safe low surface temperature.  
Preheated oil filter. Twist lock fuel cap with cable.  
Pre-purge and post-ventilation cycles.
